Mayde Creek FFA Points System

For the 2017-2018 school year we will be implementing a reward system based on points. Each student will be given a points log & the top earners will be posted monthly on our chapter website. Here's how it works: Each student will receive points for things throughout the year. Students may lose points for not attending mandatory events. At the end of the year the top 10% or 5 students will be treated by the chapter to a reward which has not been decided. Winning students will get input!

Points include but may not be limited to the following:

This list is not conclusive. Ag teachers may add points for things throughout the year as they arise. Each student will be given a record to keep track that must be signed by the ag teacher. Students have 2 school days to maintain a signature. It is the student's responsibility to keep up with their sheet and maintain all events in AET.
